EDUCATION

Vellore Institute of Technology   Vellore, Tamil Nadu
Bachelor of Technology in Computer Science and Engineering — CGPA 8.74   *Sep. 2022 – Ongoing*

WORK EXPERIENCE

UI/UX Design Intern   May 2024 – July 2024
PhPPoets Pvt. Ltd.   *Udaipur, Rajasthan*

- Created 7+ custom icon packs and 3 responsive landing pages, delivering pixel-perfect designs for enterprise clients across multiple industries
- Developed end-to-end mobile application designs including user research, wireframing, prototyping, and usability testing for 2 client projects
- Designed and iterated 11+ high-fidelity prototypes using design thinking principles to enhance user experience and improve conversion rates
- Completed two case studies with direct feedback from client

PROJECTS

We Go Wayback | *Golang, Asynq, Redis, Go-Chi, Statsd, WaybackMachine*   May 2025 – June 2025

- Ported the **wayback-discover-diff** tool in **Go**, improving performance and modularity by 57%
- Engineered a high-performance **SimHash** calculation module for web page similarity detection, processing archived content from the Wayback Machine with optimized algorithms
- Architected and buil with **Asynq** for managing jobs with **Redis** as backend and go routines for concurrency
- Acquired 100% portability and complete unit test coverage

WebMellon | *Next.js, NextAuth, Jotai, Shadcn, Prometheus, Grafana, Docker*   May 2025 – June 2025

- Developed a full-stack bookmark aggregator and RSS reader using **Next.js**, capable of parsing feeds from YouTube, WordPress, and major news sources
- Implemented secure OAuth authentication system using **NextAuth.js** with Google and GitHub providers, ensuring scalable user management and data protection
- Architected containerized deployment pipeline using **Docker** and automated CI/CD workflows with **GitHub Actions**, reducing deployment time by 60%
- Built comprehensive monitoring infrastructure using **Prometheus** for real-time metrics collection and **Grafana** for data visualization and performance analysis
- Optimized application performance by 40% through **React compiler** implementation, code splitting, and advanced rendering techniques
- Ensured cross-platform compatibility by implementing responsive design patterns and accessible UI components following WCAG guidelines

ACMOne | *Figma, Lottie*   May 2024 – June 2024

- Designed comprehensive UI/UX solution for internal management and communication platform, serving 100+ **ACM-VIT chapter** members with intuitive interface design
- Created dynamic motion graphics by converting **Figma** animations to **Lottie** format, enhancing user engagement and brand experience

TECHNICAL SKILLS

Languages: Golang, Typescript, Javascript
Web Development: React, Next.js, SvelteKit,Frontend Frameworks
Backend Technologies: Hono, Express, gRPC, REST APIs, API Development
Databases: PostgreSQL, Redis, Mongo, Database Management
DevOps & Tools: Docker, Git, GitHub Actions, CI/CD Pipeline
Cloud & Monitoring: AWS, Prometheus, Grafana, Cloud Computing
Protocols: GraphQl gRPC
UI/UX Design: Figma, Lottie, User Interface Design
